RUM50 - For Unlisted Missional Projects up to £50k

Beatrice Laing Trust

The Beatrice Laing Trust was established for: the advancement of the evangelical Christian faith, at home and abroad; the relief of poverty.

The Trustees' priority areas of giving are:-

To support new church building, extension or redevelopment projects, with a particular emphasis on churches using their physical resources to communicate Christian faith and respond to needs in their local community;

To support organisations offering practical services to those who are disadvantaged and vulnerable, with a particular emphasis on Christian organisations seeking to express their faith through practical action to help: the homeless, the elderly, ex-offenders, former Servicemen & women;

To support organisations providing practical services to people with physical, mental and learning difficulties, predominately through:

special schools seeking to make provision for those with increasingly complex needs, support in the transition from childhood to adulthood and in accessing training and/or meaningful employment opportunities;

To support small-scale overseas development projects aimed at building the capacity of local partners to provide long-term solutions to problems in the developing world, principally through Christian organisations working in the Anglophone countries of Sub-Saharan Africa and parts of Asia to: improve educational opportunities, build sustainable livelihoods.

National Churches Trust: Foundation Grants

This programme, in partnership with The Pilgrim Trust can award grants towards urgent maintenance works (identified as high priority within a recent Quinquennial Inspection Report or surveys/small investigative works costing up to £10,000 and will cover no more than 50% of costs. The other 50% (at least) must have already been raised before applying.

Applications are accepted from listed and unlisted Christian places of worship, of any denomination and throughout the UK, but particularly from those in priority areas ie North East England, Northern Ireland and Wales.

For anglican churches the trust expects that the works will require at least List B permissions, and 2 quotes must be in place for each element of the work.

Will only fund repairs to the building and not fixtures, fittings, decoration etc. Stained glass windows are only eligible if there is an urgent need to repair the window structure.

Grant potential	Information re Applications
Grants of between £500 and £5,000 are available	Apply online via their website. Rolling fund open to applications until Oct 22. Decisions are given within 6 weeks of application.

National Churches Trust: Wolfson Grants

The Wolfson Foundation funds are now administered by The National Churches Trust.

The Wolfson Fabric Repairs grants programme supports fabric repairs for Grade I and II* (England), A and B+ (Northern Ireland) listed Anglican church buildings throughout the United Kingdom. £400,000 per year is awarded to projects, including urgent roof repairs, improving rainwater goods, drainage works, and wall repairs. In 2019, awards were given to 79 parishes.

The Fund supports essential fabric repairs in architecturally or historically significant Anglican churches in the UK.

Anglican churches in the UK are eligible to apply. The church must be listed either Grade I or Grade II* in England, Scotland and Wales, or Grade A or B+ in Northern Ireland. The following criteria are considered when awarding grants:-

- Significance of the building.
- Urgency of the proposed works.
- Need for the works (e.g. Category A or B works in the most recent Quinquennial Inspection report).
- Appropriateness of the proposals.
- Financial need of the parish.

Funding is available for urgent fabric repairs. These tend to be repairs that are Category A or B recommendations in Quinquennial Inspection reports. This includes:

- Roof repairs (including repairs due to theft).
- Masonry repairs.
- Rainwater disposal and drainage.
- Floorwork.

50% of the required funding needs to have been secured as actual or pledged grants prior to application.

The church must not have received a grant from the Wolfson Foundation in the previous five years. Funding is not available for: Installation of facilities (eg WCs or access improvements); Renewal of heating & lighting; Any Category D (or lower) recommendation arising from a Quinquennial Inspection report; Professional fees; VAT recovery.

Grant potential	Information re Applications
Up to £100,000 via Gateway Grants; over 100,000 via Foundation Grants	The move to the National Churches Trust will result in a simplified funding application process for fabric repairs. Parishes will be able to submit one application form and be considered for up to two fabric repair grants. This will reduce form filling for the parishes. There will also only be one reporting and claims process for the two grants, again reducing the burden of paperwork on parishes.

National Lottery Community Fund: Reaching Communities

The Reaching Communities programme funds projects that help to improve communities and the lives of people most in need. Churches are eligible to apply as long as the project is genuinely open to the whole community and the beneficiaries are not limited to the church.

All projects must be able to meet one or more of their three funding priorities: bring people together and build strong relationships in and across communities, improve the places and spaces that matter to communities and enable more people to fulfil their potential by working to address issues at the earliest possible stage.

They will fund project activities, operating costs, organisational development and capital costs.

Exclusions: See guidance notes and website.

Grant potential	Information re Applications
Revenue projects from £10,000 upwards (If you need more than £500,000, contact them first).	To apply: First step is submitting your idea – either online or by contacting your regional representative. Online application form, with a two stage application process. No deadlines.

Somerset Community Foundation: Community Grants

Community projects - may depend on what else the Church is used for.

While a wide range of applications are considered, the Foundation is particularly keen to award grants to:-

- support grassroots voluntary groups (usually with a turnover of under £50,000) with funds for their core costs, for capital purchases, and for specific projects.
- support small-to-medium-sized charities and social enterprises (usually with a turnover of under £1 million) with funds to help improve efficiencies and effectiveness.
- Support the growth of grassroots VCSE organisations in the most disadvantaged areas across the country, while recognising the additional risks this may involve.

Most grants should be spent within 12 months of the award date. In some instances, a grant may be awarded over two or three years.

Grant potential	Information re Applications
Grants are usually made between £250 and £5,000. The average grant size is £2,400. Grants are occasionally made for more than £5,000 – if you would like to apply for more than £5,000, contact the Foundation first to discuss your application

Grants of up to £50,000 are available for projects subject to being completed within 12 months of the grant award.

Projects under the Main Grants Scheme should address one or more of the following ENTRUST objectives:-

- Object D (Community) - The protection of the environment; the provision, maintenance or improvement of public amenities and parks, which are open and accessible to the public.
- Object Da (Biodiversity) - The protection of the environment; the enhancement, protection and/or promotion of biological diversity of a species or habitat.
- Object E (Heritage) - The protection of the environment; the maintenance, repair or restoration of a building or structure that is of historic or architectural interest, and is open and accessible to the public.

Any award would be subject to the applicant providing Viridor with a 10% Third Party Contribution. This is paid to Viridor prior to the full grant (100%) being released. The TPC must be raised specifically for this purpose (ie churches cannot use their own funds or funding already raised to make this payment as evidence that the donor(s) have given money explicitly for this purpose is required.

(Updated 2022 - Planning permission and/or full faculty permissions must be in place prior to submitting a stage 1 application. The funder was previously more flexible on this but has now revised its guidance to insist on this as part of their criteria.)

To ensure best value, Viridor also require proof of 3 quotes for the works.

Grant potential £20,001 - £50,000	Information re Applications Applicants must initially check that their project is located in an eligible area by using the postcode checker on the Viridor Credits website. 3 Quotes MUST be obtained prior to applying. These must be on contractor's headed paper. Applications must be made online via the Viridor Credits website. Successful stage 1 applications will be invited to submit a stage 2 application - also online - which should be submitted by the relevant funding
